

B's Philosophy:

I like Shakespeare, Salinger and Beethoven,
NYC for now,
Venice for then.
Schubert, The Cure and Eminem
With his wicked pen, is a perfect ten.
Flappers, feathers and Edie Sedgwick
Porsches, Mercedes and all things quick.
Champagne and Couture give me delirious jitters
In the face of life and its frequent bitters.
Kerouac and Edith Wharton's brilliancy,
The way Zelda was free
Inspire me
To the nth degree.
Dorian Gray's dance in the dark
Is my daily run in the park.
Stars exploding in the sky
Remind me it's not too late to try.
Newport and Europe in the Summer
Tuxedo in the Fall,
That, my friends, means having it all.
And if you don't believe that Mozart's "LACRYMOSA" is blessed
Please, DO NOT send me a friendship request.
